

MANAGING YOUR DOG'S FOOD DURING THE TRAINING TERM.

Treats to bring to Club: Food that will motivate your dog to work HARD for an HOUR!!!

Eg. Cheese, Luncheon chubbs, dog roll, lover cake (NOT chicken meat or dried food/treats).

Buy CHUNKY or POSSYUM dog roll. Cut into narrow strips. Cut into pieces the size of a finger nail. Store in plastic containers in freezer until required.

Do NOT GIVE your dog a bowl full of food for free.

Using your dog's normal dog food for training.

You should NOT give your dog all his food in a bowl at end of the day, but use it to train him with during the week. This creates good habits.

Put the daily requirements for your dog into a container or bowl. Take some out 2-3 times a day to train your dog with. If any is left over give it to your dog in a treat ball or Kong.
